Private, the Public, and the Published Barbara Couture 2004-05 At the 2003 "Rock the Vote" debate, one of the questions posed by a student to the eight Democratic candidates for the presidential nomination was "have you ever used marijuana?" Amazingly, all but one of the candidates voluntarily answered the question. Add to this example the multiple ways in which we now see public intrusion into private lives (security cameras, electronic access to personal data, scanning and "wandering" at the airport) or private self-exposure in public forums (cell phones, web cams, confessional talk shows, voyeuristic "reality" TV). That matters so private could be treated as legitimate--in some cases even vital--for public discourse indicates how intertwined the realms of private and public have become in our era. Reverse examples exist as well. Around the world, public authorities look the other way while individual rights are abused--calling it a private matter--or officials appeal to sectarian morés to justify discrimination in public policies. The authors of *The Private, the Public, and the Published* feel that scholarship needs to explore and understand this phenomenon, and needs to address it in the college classroom. There are consequences of conflating public and private, they argue--

consequences that have implications especially for what is known as the public good. The changing distinctions between "private" and "public," and the various practices of private and public expression, are explored in these essays with an eye toward what they teach us about those consequences and implications.

Scarlet Sister Mary Julia Peterkin 1998-10-01 Banned in Boston when it was first published in 1928, *Scarlet Sister Mary* is the story of a sexy, independent, and outspoken woman who lives to please herself.

Abandoned by her husband, the heroine takes many lovers, loses her firstborn son, and eventually "finds peace" as a church member, although she refuses to give up her love charm and her gold hoop earrings. *Scarlet Sister Mary* shocked readers with its sensual portrayal of a black woman's private life, but it was universally lauded for its honesty and courage. The first edition sold more than one million copies worldwide, and was awarded the Pulitzer Prize for Fiction in 1929.

The Excursion Frances Brooke 2014-10-17 Frances Brooke (1724-1789), journalist, translator, playwright, novelist, and even co-manager of a theater, was described as "perhaps the first female novel-writer who attained a perfect purity and polish of style." Today, Brooke is known primarily for *The History of Emily Montague*, one of the earliest novels about Canada, where she lived for a number of years. But it is her third novel, *The Excursion*, that is an important example of the fashionable and popular English novels of the late 1770s. Written for the very audience it portrays, this novel introduces the heroine, Maria Villiers, to London's "gentle" society and its glittering pastimes. Brooke drew upon the English courtship novel in the tradition of Eliza Haywood, Henry Fielding, and Frances Burney for her novel's overarching plot structure. But instead of concentrating on Maria's romantic adventures, she experiments with unusual treatments of subplots and unconventional characters. The most interesting aspect of her story is the development of Maria's ambition to win fame and fortune as a writer; it is one of the few portraits of a woman with literary ambitions by an early woman writer. Brooke's wry narrative voice foreshadows that of Jane Austen. The editors' introduction places *The Excursion* firmly in the tradition of the English novel, provides a fresh

biography of Brooke, and brings together the most important eighteenth- and twentieth-century criticism of Brooke's work. The second volume in the series *Eighteenth-Century Novels by Women*, *The Excursion* contributes to our understanding of the development of the novel and offers a lively view of women's position in eighteenth-century English society.

Black Swan Green David Mitchell 2006-04-11 By the New York Times bestselling author of *The Bone Clocks* and *Cloud Atlas* | Longlisted for the Man Booker Prize Selected by Time as One of the Ten Best Books of the Year | A New York Times Notable Book | Named One of the Best Books of the Year by The Washington Post Book World, The Christian Science Monitor, Rocky Mountain News, and Kirkus Reviews | A Los Angeles Times Book Prize Finalist | Winner of the ALA Alex Award | Finalist for the Costa Novel Award From award-winning writer David Mitchell comes a sinewy, meditative novel of boyhood on the cusp of adulthood and the old on the cusp of the new. *Black Swan Green* tracks a single year in what is, for thirteen-year-old Jason Taylor, the sleepiest village in muddiest Worcestershire in a dying Cold War England, 1982. But the thirteen chapters, each a short story in its own right, create an exquisitely observed world that is anything but sleepy. A world of Kissingeresque realpolitik enacted in boys' games on a frozen lake; of "nightcreeping" through the summer backyards of strangers; of the tabloid-fueled thrills of

the Falklands War and its human toll; of the cruel, luscious Dawn Madden and her power-hungry boyfriend, Ross Wilcox; of a certain Madame Eva van Outryve de Crommelynck, an elderly bohemian emigré who is both more and less than she appears; of Jason's search to replace his dead grandfather's irreplaceable smashed watch before the crime is discovered; of first cigarettes, first kisses, first Duran Duran LPs, and first deaths; of Margaret Thatcher's recession; of Gypsies camping in the woods and the hysteria they inspire; and, even closer to home, of a slow-motion divorce in four seasons. Pointed, funny, profound, left-field, elegiac, and painted with the stuff of life, *Black Swan Green* is David Mitchell's subtlest and most effective achievement to date. Praise for *Black Swan Green* "[David Mitchell has created] one of the most endearing, smart, and funny young narrators ever to rise up from the pages of a novel. . . . The always fresh and brilliant writing will carry readers back to their own childhoods. . . . This enchanting novel makes us remember exactly what it was like."—The Boston Globe "[David Mitchell is a] prodigiously daring and imaginative young writer. . . . As in the works of Thomas Pynchon and Herman Melville, one feels the roof of the narrative lifted off and oneself in thrall."—Time

The Identifying Fictions of Toni Morrison J. Duvall 2000-12-14 Although all published biographical information on Toni Morrison agrees that her birth name was Chloe Anthony Wofford, John Duvall's book challenges this claim. Using new biographical information, he explores the issue of names and naming in Morrison's fiction and repeatedly finds surprising traces of the Nobel Prize-winning author's struggle to construct a useable identity as an African American woman novelist. Whatever the exact circumstances surrounding her decision to become Toni, one thing becomes clear: the question of identity was not a given for Morrison. [Speculative Blackness](#) André M. Carrington 2016-02-29 In *Speculative Blackness*, André M. Carrington analyzes the highly racialized genre of speculative fiction—including science fiction, fantasy, and utopian works, along with their fan cultures—to illustrate the relationship between genre conventions in media and the meanings ascribed to blackness in the

popular imagination. Carrington's argument about authorship, fandom, and race in a genre that has been both marginalized and celebrated offers a black perspective on iconic works of science fiction. He examines the career of actor Nichelle Nichols, who portrayed the character Uhura in the original Star Trek television series and later became a recruiter for NASA, and the spin-off series Star Trek: Deep Space Nine, set on a space station commanded by a black captain. He recovers a pivotal but overlooked moment in 1950s science fiction fandom in which readers and writers of fanzines confronted issues of race by dealing with a fictitious black fan writer and questioning the relevance of race to his ostensible contributions to the 'zines. Carrington mines the productions of Marvel comics and the black-owned comics publisher Milestone Media, particularly the representations of black sexuality in its flagship title, Icon. He also interrogates online fan fiction about black British women in Buffy the Vampire Slayer and the Harry Potter series. Throughout this nuanced analysis, Carrington theorizes the relationship between race and genre in cultural production, revealing new understandings of the significance of blackness in twentieth-century American literature and culture.

Each Wild Idea Geoffrey Batchen 2002-02-22 Essays on photography and the medium's history and evolving identity. In *Each Wild Idea*, Geoffrey Batchen explores a wide range of photographic subjects, from the timing of the medium's invention to the various implications of cyberculture. Along the way, he reflects on contemporary art photography, the role of the vernacular in photography's history, and the Australianness of Australian photography. The essays all focus on a consideration of specific photographs—from a humble combination of baby photos and bronzed booties to a masterwork by Alfred Stieglitz. Although Batchen views each photograph within the context of broader social and political forces, he also engages its own distinctive formal attributes. In short, he sees photography as something that is simultaneously material and cultural. In an effort to evoke the lived experience of history, he frequently relies on sheer description as the mode of analysis, insisting that we look right at—rather than beyond—the photograph being discussed. A constant theme throughout the book is the question of photography's past, present, and future identity.

Silence John Cage 1961-06 John Cage is the outstanding composer of avant-garde music today. The Saturday Review said of him: "Cage possesses one of the rarest qualities of the true creator- that of an original mind- and whether that originality pleases, irritates, amuses or outrages is irrelevant." "He refuses to sermonize or pontificate. What John Cage offers is more refreshing, more spirited, much more fun-a kind of carefree skinny-dipping in the infinite. It's what's happening now." -The American Record Guide "There is no such thing as an empty space or an empty time. There is always something to see, something to hear. In fact, try as we may to make a silence, we cannot. Sounds occur whether intended or

not; the psychological turning in direction of those not intended seems at first to be a giving up of everything that belongs to humanity. But one must see that humanity and nature, not separate, are in this world together, that nothing was lost when everything was given away."
