A remarkable introduction to cultural studies, Patterns of Culture is an eloquent declaration of the role of culture in shaping human life. In this fascinating work, the renowned anthropologist Ruth Benedict compares three societies -- the Zuni of the southwestern United States, the Kwakiutl of western Canada, and the Dobuans of Melanesia -- and demonstrates the diversity of behaviors in them.

Patterns of Culture, originally published in 1934, is an anthropological text by Ruth Benedict. Translated into 14 languages and with three updated English editions, the book is considered a classic in American anthropology.

~~Patterns of Culture Characters—eNotes.com~~

In Patterns of Culture, Benedict expressed her belief in cultural relativism. She desired to show that each culture has its own moral imperatives that can be understood only if one studies that culture as a whole. It was wrong, she felt, to disparage the customs or values of a culture different from one's own.

The Chrysanthemum and the Sword: Patterns of Japanese Culture is a 1946 study of Japan by American anthropologist Ruth Benedict. It was written at the invitation of the U.S. Office of War Information, in order to understand and predict the behavior of the Japanese in World War II by reference to a series of contradictions in traditional culture. The book was influential in shaping American ideas about Japanese culture during the occupation of Japan, and popularized the distinction between guilt

Franz Boas is commonly acknowledged as a founding figure in US academic anthropology. But it was his student Ruth Benedict who introduced the US brand of Boasian Anthropology to the world via the 1934 best-seller, Patterns of Culture. From the very first chapter, "The Science of Custom" and the first page, "anthropology is the study of human beings as creatures of society," the introduction by Boas himself, and then a 1958 preface by Margaret Mead, Patterns of Culture was meant to be ...

This book was written in 1946 as a study of Japanese behavioral patterns by American anthropologist Ruth Benedict. It was written at the invitation of the U.S. Office of War Information, in order to understand the Japanese during World War II.

Although Ruth Benedict's fascination with death started at an early age, she continued to study how death affected people throughout her career. In her book Patterns of Culture, Benedict studied the Pueblo culture and how they dealt with grieving and death. She describes in the book that individuals may deal with reac-

tions to death, such as frustration and grief, differently.
