What started in the mid-90s when a few people decided to build (stock Softails÷ from aftermarket parts-because they couldn't buy one at the dealer-has evolved into a full-blown industry. Today, every small town has a Chopper or Custom bike shop and every cable TV channel has a Biker Build-Off series. No longer content to build copies of stock motorcycles, today's builder wants a motorcycle that's longer, lower, and sexier than anything approved by a factory design team. Wolfgang Publications and Tim Remus were there at the very beginning of the trend with their Ultimate V-Twin Motorcycle book. Today they're back with their new book, Advanced Custom Motorcycle Assembly & Fabrication. Part catalog, part service manual, and part inspiration, this new book offers help with planning the project, getting the right look and actually assembling that custom bike you've dreamed about for years. Three start-to-finish sequences show not just how the best bikes are bolted together, but how the unique one-off gas tanks are shaped and then covered with candy brandywine paint.

Max is a traveling veterinarian running from his past and turning to the comforting distortion of alcohol and prescription tranquilizers. When the charred remains of a rare sea turtle are found on one of the last untouched barrier islands of the Carolina coast, rent-a-vet Max is just sober enough to question the sheriff's explanation and begin a deeper investigation of his own. As the convergence—a celestial alignment that occurs only once every seven years—and its freak tides and strange currents approaches, Max becomes the unlikely ringleader of an alliance of smugglers, poachers, parolees, and illegals who unite to block a developer's plan to build on the island. In an even more unlikely circumstance, he finds himself drawn toward Maggie, a hostess at the liquor house who is as raw and hard as the drinks she serves. When an ex-flame shows up to offer her assistance, Max is faced with a sudden and impossible choice. He can choose to return to the city, wealth, and prominence he left behind when he lost his career to a big mistake, or he can risk a new start in a harsh but beautiful land.
